SHELLS

From British Guns Fall Upon German Positions on the Somme Front

GEN. HAIG CLINCHING HIS HOLD

Upon Pozieres Preparatory to Further Advance

TEUTONS EMPLOYING GAS

And Eye Irritating Shells In Efforts to Interfere With Operations of the British Infantry—Russia Announces More Successes—Norwegian Vessel Sunk By Submarines

The following summary of the European war situation is given by the Associated Press:

Heavy shelling of the German lines on the Somme front by British guns is in progress following the success of General Sir Douglas Haig in clinching his hold upon Pozieres, possession of which was necessary to his further advance toward Bapaume, his objective.

London today reports activity throughout the night by the British artillery, apparently in preparation for a renewal of the attack. The Germans in reply are using quantities of gas and eye-irritating shells, evidently in efforts to interfere with the operations of the British infantry, which is being kept in close touch with the Germans, hand-to-hand fighting at various points being reported.

Remuneration at an important naval action has occurred in Scandinavian waters were met today by a statement of the British admiralty that it had no reports of any naval activities in the region indicated.

Turkish claims to advantage over the British in cavalry skirmishes in Egypt, in the district east of the Suez canal, are denied in a report from the British commander in Egypt, who reports that he has the situation well in hand.

The sinking in the North Sea by German submarines of four Norwegian vessels with cargoes of timber, which are reported from London, which the reports their destruction as part of an energetic campaign started by the Germans against timber-laden vessels in those waters.

Petrograd announces the capture of 6,250 prisoners by the Russians in the fighting of Tuesday, when the Teutonic lines were pressed back in the Slonevka region of Volhynia.

After the capture of the Turkish fortress of Erzinjan, Turkish Armenia announced yesterday, the Russians continued their pursuit of the Turks to the westward. A depot of war materials was taken at Erzinjan, the Russians assert.

German Socialists Appeal Against a General Strike Which Has Been Proposed

[ASSOCIATED PRESS TELEGRAM]

Berlin, July 26, via London, July 27, 7:15 a. m.—The manifesto to the working class, issued by the socialist executive committee and the general commission of labor unions, appealing against the general strike which the leaders of the Liebknecht branch of the socialists are endeavoring to organize, reads as follows:

"The prolonged war weighs heavily on all nations and entails great sacrifices. It severely tests the endurance of those at home and at the front and it is natural that ill-feeling and discontent should develop.

"This situation is unfortunately being abused by irresponsible individuals who wish to mislead labor in resorting to measures which are not in the slightest adapted to relieve the burden but rather to increase it. An attempt is being made, through anonymous leaflets which have been circulating for several months among members of the party and of unions, to sow hatred and distrust against the deputies chosen by the workers themselves. The charge launched against these men who for years have stood at the head of the organization of German labor classes, is that they are sacrificing socialist principles, have discarded decisions of the German socialist party convention and the international congress, and have perpetrated party treasons.

"Such insinuations and abuse could be disregarded if labor were not urged by unworthy propaganda for whose actions socialist leaders must disclaim all responsibility.

TODAY IN CONGRESS

The congressional business for today is thus summarized:

Senate.
Met at 10 a. m.
Resumed debate on army appropriation bill.

House.
Met at noon.

Naval committee voted to disagree to senate increases in naval appropriation bill and to recommend the measure to conference.

Passed resolution continuing through August last year's supply bills pending enactment of new appropriation measure.

Chairman Padgett of naval committee, reported naval bill recommending disagreement to all senate amendments.

MOTHERHOOD OF GIRL BABY IS BEFORE COURT

[CHICAGO, JULY 27.—Habeas corpus proceedings designed to establish whether Miss Margaret Ryan or Mrs. Dollie Ledgerwood Maters, is the mother of baby Irene, was to be heard by Judge K. M. Landis in the United States district court here today.

Mrs. Maters, widow of Fred Maters, who left a fortune of \$600,000, was charged with foisting a spurious posthumous heir—baby Irene—on the probate court in an attempt to obtain a large share of the estate. She was acquitted.

Miss Ryan testified at this trial that the baby was her own, and that she had believed it dead until she learned of the alleged spurious heir in the Maters will case. Nurses from the Misericordia hospital, Ottawa, Canada, where Miss Ryan's child was born, testified that Mrs. Maters obtained a baby from the hospital. A physician from the hospital gave similar testimony. It was Margaret Ryan's child, they said.

TRAIN INJURED AUTOISTS WHO SEEK DAMAGES

[ASSOCIATED PRESS TELEGRAM]

Elmira, July 27.—Suits for damages totaling \$175,000 were filed in common pleas court today against William N. Duncan, receiver of the Wheeling and Lake Erie railroad, by members of the Jacob Hartman family for injuries sustained near Wellington, July 1, last, when a train struck a buggy carrying members of the Hartman family. One child, Pauline, 2, died of her injuries. Another, Kenneth, 7, lost an arm and leg and his mother and sister were also injured. All three are still confined in a local hospital. Five separate suits were filed, by Hartman, as administrator or guardian for his children, and by his wife, Mrs. Gertrude Hartman.

CANNING SEASON ON.

Elmira, O., July 27.—The canning season is on in full blast at the local canning plant. A day's canning now is 2700 bushels of cherries and 4,000 bushels of berries, received from Erie and Lorain counties and adjoining territory.

MANY DIE WHEN GAS EXPLODES IN WATER WORKS TUNNEL NEAR CLEVELAND 120 FEET UNDERNEATH LAKE ERIE

Scenes attending disaster near Cleveland. Unloading body of a victim in the boat (top); bringing out victims of explosion at water works tunnel; Crib 5, underneath which disaster occurred.

As the result of a natural gas explosion in a water works tunnel 120 feet below the surface of Lake Erie, four miles from Cleveland, twenty-one men are dead and nine are in hospitals suffering from severe injuries. Federal, state and city governments are making an investigation to determine whether anyone was to blame for the disaster.

WARSHIPS

OF UNCLE SAM WILL PRESERVE NEUTRALITY OFF THE VIRGINIA SHORES.

And Not Allow Allied Vessels to Attack Deutschland Inside Three-Mile Limit.

[ASSOCIATED PRESS TELEGRAM]

Baltimore, July 27.—If Captain Paul Koenig of the merchant submarine Deutschland plans to start today on the return voyage to Germany there was nothing going on this morning at the pier where the submarine is berthed that was any more indicative of departure than has been the case for the last few days.

Overnight developments, in fact, tended to increase the probability of a report late last night that it had been decided to hold the Deutschland here until some word has been received concerning her sister ship, the Bremen.

When Carl A. Luederitz, German consul here, announced that the reception to Ambassador von Bernstorff which he planned at his home for last evening had been indefinitely postponed he was asked when the Deutschland would leave.

"She will not leave for a week," answered Mr. Luederitz. He would not add to this statement, however, when he was asked the cause of further delay in the vessel's departure, although clearance papers have been taken out. The postponement of the reception to the ambassador was owing to his inability to come here last night, Mr. Luederitz said.

The Deutschland crew slept aboard the interned North German Lloyd steamer Neckar last night.

PATROLLING THE SHORES.

[ASSOCIATED PRESS TELEGRAM]

Norfolk, Va., July 27.—The armored cruiser North Carolina and three destroyers just outside Cape Henry near the allied warship patrol line worked slowly up and down today close to the English coast.

Supplementary reports on the mysterious appearance of an unidentified British cruiser within the Cape Monday night were being prepared by naval officers here today for the navy department.

ALL NIGHT LONG SUBMARINE LAY AT HER BERTH.

[ASSOCIATED PRESS TELEGRAM]

Washington, July 27.—The armored cruiser North Carolina and three United States destroyers were on neutrality duty today outside the Virginia capes, where allied warships are hovering, in wait for the German submarine Deutschland, about to leave Baltimore for Germany and the submarine Bremen, expected hourly from across the seas.

STRIKE

OF STREET CAR MEN MAY TIE UP SURFACE TRAFFIC IN NEW YORK.

Men Demand Right to Join Union, Increased Pay and Better Working Conditions.

[ASSOCIATED PRESS TELEGRAM]

New York, July 27.—Intention to extend the street car strike to all lines in New York City including surface, and elevated, was announced today after a meeting of the general executive board of the amalgamated association of street and electric railway employees of America.

The first serious outbreak in the strike of street car men in the Bronx and Westchester county occurred shortly after noon today when a mob of several hundred strikers and sympathizers attacked a West Plains car in the Bronx. Bricks were hurled at the car and it is reported several persons were hurt. Police reserves and ambulances were summoned.

[ASSOCIATED PRESS TELEGRAM]

New York, July 27.—Upon the arrival here of W. D. Mahon, president of the Amalgamated Association of Street and Electric Railway employees of America, the motorman and conductors of all the street railways in the city may be asked to join the to-day strike which has tied up lines in the Bronx and Westchester county. President Mahon is expected to come from Detroit to take charge of the situation.

"It would be a big job to organize the men in this great city," said Patrick O'Brien, vice president of the Employees' National association, "but it is not an impossibility. New York is one of five big cities in which the street railway men are not organized. It looks now, in view of the success we have had, that we will not stop until we reach the battery."

All the trolley cars on 150 miles of track in the Bronx, stopped running at 8 o'clock last night. Edward A. Maher, general manager of the Union railroad company, asserted that the trouble might extend to all surface lines in Manhattan if the police did not give the employees better protection.

The employees demand the right to join the national organization and seek an increase in pay of five cents an hour and better working conditions.

The company's attempt to resume operations of cars in the Bronx at eight o'clock this morning resulted in serious disorder. At one point heavy stones were piled on the tracks. Several altercations between strikers and car men occurred and many persons were arrested. Company officials announced at 10

WHEAT PRICES TOOK A JUMP.

[ASSOCIATED PRESS TELEGRAM]

Chicago, July 27.—Wheat prices jumped 4 1/2 cents on crop damage reports from the northwest this morning. Sept. sold up to \$1.24 1/4.

20TH CHILD BORN TO SAME COUPLE; BREAKS RECORD

[ASSOCIATED PRESS TELEGRAM]

Columbus, July 27.—The birth of the twentieth child to the same father and mother was recorded today by Dr. Morton W. Blaud, state registrar of vital statistics. This is the first case on record in Ohio where there have been twenty births in one family.

The twentieth child was born to Mr. and Mrs. James J. Pess at Martins Ferry.

The late arrival at the Pess home is a girl, who has been named Laurie. The mother of the child is 41 years old. The father is a miner. Only eleven of the 20 children are living. Records of the bureau show that there have been several cases of nineteen children in one family, but this is the first to exceed that number.

WHEAT PRICES TOOK A JUMP.

[ASSOCIATED PRESS TELEGRAM]

Chicago, July 27.—Wheat prices jumped 4 1/2 cents on crop damage reports from the northwest this morning. Sept. sold up to \$1.24 1/4.

Black rust and head blight were said to be extending the damage area rapidly to the north. According to one leading expert, estimates of yields appeared to be valueless as the crop was shrinking constantly in both quantity and quality.

ROUTINE

Of Camp Willis Disturbed Today by a Most Welcome Diversion

MEN RECEIVE TWELVE DAYS' PAY

Money Taken to Grounds Under a Heavy Guard

TROOPS WERE JUBILANT

Provost Guard Will Pitch Tents In State House Yard Tonight to Take Care of Any Soldiers Who Come to Town and Spend Their Money Enjoying a Touch of "High" Life

[ASSOCIATED PRESS TELEGRAM]

Camp Willis, Columbus, July 27.—The call for which Ohio's national guardsmen have waited long was sounded today. It wasn't this call to the arms but the pay call.

When a bugle corps lined up in front of the headquarters of the Eighth regiment O. N. G. at 10:30 this morning and sounded the pay call, some 1500 men of the regiment threw their hats in the air, cheered and danced and chanted the words, "Pay day, pay day," to the accompaniment of the bugles.

It was the first money that the men have received from the federal government since they mobilized following the orders of President Wilson.

The money was distributed only to the men of the Eighth. The other regiments are as yet unpaid. The Sixth regiment will be the next to be paid. Camp officers said today that the payrolls of the Sixth had not yet been checked and it was possible that the men of this organization would not get their money until next week.

The majority of the men received \$6. This is their pay at the rate of fifty cents a day for the twelve days in June, the first days they spent under arms. Officers were also paid for twelve days.

There were many plans for spending the first pay. Inasmuch as only five per cent. of the men who were paid are to be allowed leaves of absence from camp some of those who are planning celebrations are doomed to disappointment.

As the men left the quartermaster's office there was a general feeling of long due debts. One man who had enlisted after the first mobilization call and consequently has served only long enough to have \$2.50 coming turned to the entire amount over to a fellow member of his company. Camp followers announced that a provost guard would be established in the state house yard in Columbus tonight to take care of any guardsmen who may spend their money recklessly.

Company C, of the Eighth regiment will be detailed to this duty and will be detailed to this duty and will be detailed to this duty.

(Continued on Page 2, Col. 1.)

GAS WELL

Of Uncontrollable Proportions Probably Uncovered by Cleveland Explosion

WORK ON TUNNEL MAY BE STOPPED

And Even Work of Rescue May Be Abandoned

DEATH LIST PROBABLY 19

Laborer Thought to Be Dead Had Overstayed His Shore Leave and Escaped Death By Very Narrow Margin—Mayor Harry Davis is Forcing a Searching Probe of the Disaster

[ASSOCIATED PRESS TELEGRAM]

Cleveland, July 27.—The possibility that the city may be compelled to abandon not only the search for the bodies of the workmen still entombed in the waterworks tunnel here as a result of Monday night's explosion itself, loomed here today as the result of further investigations by L. M. Jones, of Pittsburgh, government mining expert. This possibility was seen in Jones' expressed belief that a gas well of uncontrollable proportions has been uncovered under the bed of the lake as the result of the tunnel explosion. Tests made today showed gas in the tunnel exceeded five per cent., a highly explosive ratio, despite the installation of a giant fan, which has been whipping the gas-laden air from the tunnel since yesterday.

Expert Jones said today the sand and gravel taken from the tunnel in of a grave similar to that in the gas fields in Lakewood, a suburb nearly opposite the point, in the lake where the tunnel is being constructed and indicates the presence of a natural gas well of monster size.

If it is possible, rescue parties will enter the tunnel today, but the entombed bodies are behind a cave-in nearly three hundred feet long and it is feared the gas is so dense in the tube that the men will be unable to stay in the tunnel long enough to dig through this distance.

Special machinery will be needed to penetrate the wall of muck which hides the bodies and it will require several days to install it even though the gas clears from the workings. It will then require several days' digging to reach the corpses, so that in any event no more bodies are expected to be found for a week, or more.

Waterworks officials said today they believe there are only nine bodies in the tunnel instead of eleven, as previously estimated. Patrick Kearns, supposed to be among the entombed, turned up alive today. He had overstayed shore leave Monday and missed death by a close margin.

Justice Aro, another thought to be among the dead, was taken to the city.

Young Columbus Bank Clerk Confesses to Embezzlement, Upon Arrest in Cincinnati

[ASSOCIATED PRESS TELEGRAM]

Cincinnati, July 27.—"I would give anything to have my dear wife with me."

"The suffering that I have gone through is more than any punishment I might receive."

"I can't stand this torture much longer."

"I am going to try to show the people that there is a little manly principle left in me."

"I never realized how much I loved my wife and home."

"I am only sorry to the depths of my soul that I brought this disgrace on her and her parents."

During the period between 17 and 23 while he was a fugitive from justice on the charge of embezzling \$5,559 of the funds of the Citizens Trust & Savings bank of Columbus, Bookkeeper John W. Bailey kept a diary. Extracts from it are here given. Bailey was arrested here Wednesday night, when he alighted from a Louisville & Nashville train. Unknown to Bailey he was constantly under the eyes of a private detective from New Orleans.

At police headquarters he admitted he had taken the funds. He said:

"It is not true that I lost the money playing poker. My defalcations covered a period of two years. I never played the races. I am 23 and have been married a year and a half. I started to work for the bank when I was 17. I did not handle a cent of money and neither did

I have access to the cash. I had an account at the bank as have all the employees. I simply made out checks had them cashed up town and when they came through, I as bookkeeper, had the opportunity to take care of them. In word I just overdraw my account. My diary tells the rest of the story. I could have taken a ship for South America but I could not bear the thought of leaving my wife alone. I decided to come back and face it all. I will try to live down the disgrace. I will try to pay back every cent."

Bailey had \$6 in his possession when arrested. He will be taken to Columbus by an officer from the city.

OHIO WESLEYAN'S NEW PRESIDENT.

[ASSOCIATED PRESS TELEGRAM]

Delaware, O., July 27.—Rev. Dr. John Washington Hoffman was elected president of Ohio Wesleyan University here last night, in place of the First Methodist Episcopal church at Duluth, Minn. He succeeds President Herbert Welch who recently was elevated to the rank of Bishop in the Methodist church.

FACES MURDER CHARGE.

[ASSOCIATED PRESS TELEGRAM]

Men of Newark

JOSEPH N. PUGH, OF THE FIRM J. N. PUGH & COMPANY, DEALERS in bonds and investment securities, has for several years conducted a successful business with offices in the Newark Trust building. Mr. Pugh who received his education in the Newark schools and at Wooster university, is a director of the new Chamber of Commerce, a trustee of the Newark Y. M. C. A. and is actively interested in every movement that means a bigger, better Newark.

For several years Mr. Pugh has specialized in Newark stocks and bonds and has handled large blocks of shares to the satisfaction of all clients.

ROUTINE

(Continued from Page 1.)
pitch their tents in the northwest corner of the state house yard.

The money used for paying the men was brought from a Columbus bank to the camp by Col. William H. Duffy, camp quartermaster, accompanied by a heavy guard. The money was in a small iron safe. The amount was \$10,000. It was mostly in one dollar bills.

When spread out on a table in the quartermaster's office, it looked like bundles of spinach on a market day.

Aside from pay day the camp was still in a dull routine. Around headquarters officers were still speculating as to the possible destination of the troops but there was nothing to indicate whether they would move to the border in a few weeks or in a few hours. The majority of officers apparently believed that orders would come soon either to move south or to demobilize. It is not believed now that the Ohio troops will be sent to Camp Perry.

No more supplies had arrived today. All of the equipment that has arrived has been checked and most of it has been distributed.

Where will we go and when, were questions which still remained unanswered for Ohio's national guardsmen today.

The troops in camp here began another hot, sweltering, sticky day awaiting orders to move some place at some time.

There was still discussion of the possibility that they might be sent to Camp Perry, O., where they could have target practice.

Guard commanders, however, still seemed to believe that orders will eventually come to entrain for the border. They cited the fact that other state troops are still being moved south although not in as large numbers as a few weeks back when the country apparently was near war with Mexico.

In answer to inquiries at the camp hospital today relative to the condition of the troops...

BIG CROWD AT BUCKEYE LAKE LAST EVENING

The hot weather and the various attractions furnished at Buckeye Lake Park have been a drawing card for the management of that popular resort. Last evening was a record breaker and it is said that the largest crowd outside of a holiday, was present.

There were a number of features at the dancing pavilions, it being known as carnival night. The dancers were all furnished with fancy caps and confetti and a jolly time was had by everyone. The festivities opened with a serpentine dance and this was followed later with a children's dance.

A cabaret singer entertained the dancers and spectators at the Buckeye. Her song numbers were new and pleasing and she received a number of encores. All the concessions were liberally patronized and did a rushing business, especially the ice cream and soft drink stands.

Messrs. Deffenbaugh and Fisher, park lessees, are doing all in their power to make Buckeye Lake Park an attractive resort and they are succeeding far beyond their highest expectations as the patronage of the place is increasing daily. It is a delightful place to while away a few hours in the evening and at the same time enjoy the delightful and cooling lake breezes.

ADMINISTRATOR ASKS DAMAGES FOR DEATH IN AUTO ACCIDENT

(Associated Press Telegram)
Columbus, July 27.—The supreme court was asked today to order Robert D. Doepke, of Cincinnati, to pay \$10,000 damages for the death of Alvin Cordes, 17, killed on Columbus road, Cincinnati, December 6, 1912, when an automobile driven by Doepke and owned by the company, collided with a horse and wagon driven by Cordes.

The Hamilton county common pleas court gave the family of the deceased judgment in the sum mentioned, but this was reversed by the court of appeals, William Cordes, as administrator, contends that the reversal was illegal because it was on the weight of evidence and only two or three appellate judges voted for it. The chief question to be decided by the high court is whether a unanimous decision of the appellate court is necessary to reverse on the weight of evidence.

DETROIT COMPANY TO FURNISH AUTO TAGS NEXT YEAR.

(Associated Press Telegram)
Columbus, July 27.—Secretary of State Hildebrand today closed a contract with the Abbott Stamping Co. of Detroit, to furnish the 1917 automobile license tags to the state for 13.9 cents a pair. This is the lowest price ever paid by the state for tags. The 1916 contract price was 15 cents a pair.

The contract for the 1916 tags was awarded to the Davies Manufacturing company of Akron, of which Senator Charles W. Wickline of that city is the principal owner at a contract price of 19 1/4c a pair. The company lost the contract however because of the refusal of State Auditor Donahay to pay for the tags on the ground that the contract had not been legally made. The supreme court sustained him. The New York company, to which the contract had been sub-let, then was given the contract at 15 cents. Secretary Hildebrand says Ohio will get its 1917 tags cheaper than any other state.

GRAND JURY IS INVESTIGATING MATRON'S MURDER.

(Associated Press Telegram)
Cincinnati, July 27.—The grand jury began its inquiry into the murder of Anna Hart, matron at the temporary county jail. Simultaneously Judge Nippert of the criminal court suspended the sentence of Arthur Brown, colored, convicted of stabbing to kill and who was to have been taken to the penitentiary Thursday to serve an indeterminate sentence of from one to twenty years. Brown, according to the story of Reuben Ellis, colored, who confessed to the killing and then retracted his story, was implicated in the killing.

INCREASE IN CLEVELAND.

(Associated Press Telegram)
Cleveland, July 27.—With the hottest weather of the year being experienced the City Ice delivery company, the biggest ice concern here announced an increase in price of 2 1/2 cents per hundred pounds to domestic and commercial trade today. Danger of an ice famine is given as one reason with freight costs and labor making costs greater than last year.

Switzerland, in proportion to its population, spends more on poor relief than does any other country.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

DO YOU KNOW
"THE LITTLE GIRL NEXT DOOR?"

NEWARK MAN IS SERIOUSLY INJURED

(Special to The Advocate)
Ashtabula, O., July 27.—Albert Welch of Newark lost his left leg and suffered a broken right arm in addition to numerous bruises and lacerations when he went to sleep under a Pennsylvania freight car. He was dragged for one hundred yards. It was necessary to procure jacks and raise the car from the ground before he could be released. Welch is 24. His condition is favorable this afternoon. He is confined at the Ashtabula General Hospital. He gave no Newark street address.

Relatives here are seeking to learn if Albert Welch, who lost a leg and an arm in an accident at Ashtabula yesterday, is Albert Welch who resided at 648 West Main street until about a year ago.

News dispatches today stated that Welch was injured when he crawled under a railroad car to sleep in the shade. The car was moved and Welch lost a leg and an arm and he is now in an Ashtabula hospital.

Until notified by The Advocate this morning, relatives here had not been notified of the accident. Albert Welch left Newark a year ago, going with his family to a small town near Cadiz Junction on the Pennsylvania line in Harrison county. It is understood here that he was working on the railroad there. Silas Welch of South Fourth street is a brother and Mrs. Archie F. Cornell of West Main street is a niece. None of these relatives had been advised of the accident before hearing the information from The Advocate. An attempt is being made to identify the victim.

FISHING TRIP BRINGS FORTH STONG PROTEST

The disciples of Isaac Walton, who claim Licking county as their home, and who have the fishing interest of the community at heart, today were preparing a petition of protest to be presented at the next regular meeting of the organization, to be held some time next week.

Startling disclosures are expected to be made at the meeting, which will involve a well known local man, whose initials are withheld from publication, but whose name is "Runny" Stoltz, of West Main street. The action is the result of a rumor to the effect that Mr. Stoltz is making extensive arrangements for his annual fishing trip to Buckeye Lake.

The protest first was born last year, when Mr. Stoltz on one of his regular fishing trips, threatened to bring to a close the fishing sport in the county. On seven trips to the famous resort he succeeded in tricking onto his line, 1,400 fish. Of course he had an assistant, but to this individual very little credit can be given.

It is opined by the fishermen of Newark and Licking county that if Mr. Stoltz on this year's trip succeeds in hooking as many of the finest fish as he did last year, the fishing season so far as they are concerned in Licking county, will be closed for repairs. Despite this protest, Mr. Stoltz is firm in his stand to exterminate the "piscines" inhabiting the water of Buckeye Lake.

UNITED STATES HAS OVER TWO MILLION MOTOR VEHICLES.

(Associated Press Telegram)
Washington, July 27.—Motor vehicles registered in the United States numbered 2,445,664 last year and \$18,245,713 was paid by their owners as registration and license fees. The office of public roads of the department of agriculture announced today that ninety per cent. of the fees, or \$16,213,387, was spent for building and maintenance of county and state roads. There was an increase of 734,323 in the number of vehicles and \$5,863,760 in fees from 1914.

Only 48,000 motors were registered in 1906. The number of vehicles averaged one registration for every 44 people in the United States. Iowa led with one for 16 inhabitants.

BRITISH HAVE NO REPORT OF NAVAL ACTION.

(Associated Press Telegram)
London, July 27, 11:30 a. m.—Officials of the British admiralty informed the Associated Press today that they had no report on a new naval action in Scandinavian waters and had received nothing in any way concerning official news of naval activity in that region.

A report published in a Stockholm newspaper on Wednesday said that prolonged firing had been heard Monday coming from the Gulf of Bothnia which forms the northern arm of the Baltic sea. The newspaper report supplied no details.

SANDUSKY'S CENTENARY.

(Associated Press Telegram)
Sandusky, O., July 27.—The celebration of the 100th anniversary of the founding of this city, was begun last night with a historical pageant in which 1500 citizens participated. The celebration will continue three days. Indians, pioneers, the founders of the city and historical events are depicted in living pictures. Postmaster James A. Ryan took the part of the Pioneer Man.

TOWNSHIP CELEBRATES.

(Associated Press Telegram)
Chardon, O., July 27.—President Wilson today sent his congratulations to the people of Munson township on the 100th anniversary of its founding, celebrated today at Fowlers Mill.

Many Cleveland people claim Munson as their home, and Cleveland had many representatives there. The celebration will close with a carnival and dance this evening.

Good goods come in small packages, and the best resolutions are the most fragile.

Don't place too much confidence in a dead sure tip. It may be more dead than sure.

NO CURE KNOWN; PERSONS WARNED AGAINST DRUGS

(Associated Press Telegram)
Washington, July 27.—Warning was issued to the public today by the department of agriculture to look with extreme suspicion upon any preparation put on the market and offered for sale as being effective for the treatment of infantile paralysis. Department officials charged with the enforcement of the food and drugs act, the announcement states, expect the outbreak of infantile paralysis will tempt unscrupulous persons to offer for sale so-called "cures" or remedies for this dread malady. They therefore have issued special instructions to food and drug inspectors to be particularly alert for interstate shipments or importations of medicines, the makers of which allege that they will cure or alleviate this disease for what at the present time no medical cure is known.

Inspectors have been instructed to collect samples of all such medicines found in interstate commerce and officials declare the makers will be vigorously prosecuted whenever the evidence warrants action under the foods and drugs act.

Such remedies offered for import will be refused entry.

Government officials have noted that in the past whenever a serious epidemic has existed unscrupulous dealers have preyed upon the fear or ignorance of the public by flooding the market with worthless, hastily prepared concoctions for which curative properties they have no foundation whatever in fact, it is asserted. In the present infantile paralysis epidemic inspectors already have discovered shipments of a few such mixtures.

FRENCH ASK HELP FOR WAR ORPHANS; APPEAL TO MAYOR

Mayor R. C. Bigbee this morning received a registered letter from Chanoine Lebaut, Vicar General at Versailles, appealing to Newark people for help to relieve the suffering among war orphans in the district of the Seine. The letter, written in French, was translated for Mayor Bigbee by Miss Laura Jones of North Fourth street. Mr. Lebaut stated in his letter that there were 5,000 orphans in the Seine district, 2,595 being in Versailles alone. He indicated that the suffering was intense and that help from Americans would be greatly appreciated.

COMMISSIONER TO HEAR COMPLAINTS AGAINST CAR CO.

(Associated Press Telegram)
Columbus, July 27.—Public Utility Commissioner L. H. Day will go to Dayton tomorrow to open a hearing at which Robert T. Kelly and scores of other patrons of the Dayton, Springfield, Xenia and Southern railroad, a traction line, will try to prove among other things, that the cars of the company are so badly in need of repair that passengers must use umbrellas to keep from getting wet when it rains. They charge that the cars are usually late and that workmen are continually losing their jobs because of being late. The company's defense is that business is too slow to justify the expenditure of much money for betterments and it blames the lack of traffic on the fact that farmers and others residing along its route have their own automobiles.

WIFE CREMATED; HUSBAND SUICIDES.

(Associated Press Telegram)
Norfolk, Va., July 27.—Z. E. Keister, the real estate man who fired a bullet into his brain a week ago, soon after the discovery of the dead body of his wife in the fire-scorched ruins of their home died early today at a local hospital. He never regained consciousness. The coroner's inquest into the death of Mrs. Keister was set for today.

DEFIANCE MAY BUY WATER WORKS PLANT.

(Associated Press Telegram)
Defiance, O., July 27.—O. F. Williams, owner of the water works system here, last night filed with the city council, an acceptance of the city's tentative offer of \$125,000 for the plant. The city will buy it if the voters approve a bond issue for that purpose at a special election to be held in September.

ICE PRICE BOOSTED.

(Associated Press Telegram)
Toledo, July 27.—Giving as a reason for the action, the increased wages for drivers, high cost of coal, hay, water, taxes, horses and wagons, the Citizens Ice company which includes the Toledo Ice delivery company and the Toledo Ice and Coal company, today boosted the price of ice two cents per hundred pounds.

CIRCUS FREE TO EMPLOYEES.

Toledo, July 27.—Beginning today John N. Willys will, during the next three days, entertain at least one-fourth of the population of Toledo. One of the largest circuses of the country has been secured for a three-day exhibition which will be given free to his eighteen thousand employees and their families.

At all times we strive to excel. Our equipment is above reproach and we are trained in the latest methods of our profession. We are experienced and tactful.

ANTHRACITE Saves Labor

No other solid fuel is so economical of labor as ANTHRACITE.

An ANTHRACITE hard coal fire once kindled maintains a steady, uniform temperature for a long time and requires less replenishing than any other solid fuel, be it wood, peat, bituminous coal, or coke.

When you burn ANTHRACITE you get heat—a dependable, smokeless, sootless heat that lasts.

Don't forget its cleanliness.

Acquire the ANTHRACITE habit and live in comfort.

Place your orders now, when they can be filled promptly and satisfactorily.

Ask your coal dealer, or write to

THURSDAY HOTTEST DAY OF YEAR; MERCURY GOES TO 96.

At 2 o'clock this afternoon the thermometer at the Brown store registered 96 degrees.

No one will attempt to dispute the assertion that Thursday was the hottest day of the year. The temperature was high all day, breaking records from early morning until late in the afternoon. At noon today the thermometer at the J. C. Brown grocery in East Main street, a government tested instrument, registered 95 degrees in the shade. At 1 o'clock the same instrument went to 96. The same temperature was registered on the Advocate thermometer. Many instruments, not in protected places, registered as high as 100 degrees.

Ready Money In a Hurry

Will be an imperative need for you some time, no matter how safe are your investments.

An independent reserve of cash in the Old Home Building Association is the ideal arrangement to assure your having ready cash when you need it.

We pay you 4% interest on this fund, protect it with our Contingent Fund of \$150,000, and by our conservative policy of loaning only on real estate security.

During thirty-six years we have supplied ready money to thousands. Why not let us serve YOU? Begin NOW to keep your money where it will be safe, productive and available.

ESTABLISHED IN 1820

Entered as Second Class Matter
March 10, 1882, at the postoffice at
Newark, Ohio, under the Act of March
3, 1879.

It is never a good plan to swap horses while crossing a stream of water.—Abraham Lincoln.

Mr. Hughes' Predicament.

If Charles E. Hughes, the Republican candidate for President, makes an issue of the Federal Reserve system, established by the Democratic Administration, is he going to read out of his party the 33 Republicans who voted for the measure in the House?

Will he repudiate the 16 Progressives, the one Independent, and the Republicans who voted with the 248 Democrats in establishing the sound banking and currency law which has been approved by the public and the banking world?

Will he also repudiate the 7 Republicans who voted for the measure in the Senate?

Mr. Hughes will have a difficult time evolving any issue that will not entail a repudiation of many of the Congressional leaders of his own party.

If he thinks it expedient to adopt a strong attitude on the submarine controversy, which President Wilson settled by obtaining a full recognition of American rights under international law and bringing about the cessation of submarine warfare, he will have to repudiate the 101 Republican Representatives who voted against tabling the McLemore resolution and thus registered themselves in favor of a surrender of American rights. Incidentally, he will have to read out of the Republican party the twelve Republican United States Senators who voted against tabling the Gore resolution, which involved a similar surrender when President Wilson was forcing the recognition of American rights.

There were 12 Republicans in the Senate, who voted for the Administration's Trade Commission bill, and while there was no record vote in the House, several score Republicans voted for the Trade Commission bill there.

The Republican party in its platform has endorsed the tariff commission method of handling the tariff. Before that plank was adopted by the Republican party, the Democratic Administration had introduced the Rainey Tariff Commission bill in Congress and it will become a law in a few weeks. And the Chamber of Commerce of the United States, representing the business men of the nation, Republican and Democratic and Progressive, has endorsed the Rainey bill.

One hundred and twelve Republicans and four Progressives voted with the Democratic majority for the good roads bill in the House. One hundred and four Republicans and three Progressives voted for the Administration's Rural Credits bill.

Republican leaders of the House and Senate repeatedly have endorsed the President's action in keeping out of war with Mexico. If a vote were taken in the House and Senate to-

than the majority of callings. Life insurance business is conducted on a high plane and it is even more important for a man to carry insurance on his own life than it is on his house or barn. Practically every house and every building is insured but comparatively few lives are protected by insurance. As everybody is sure to die and as the destruction of property by fire is not likely how much more important is life insurance? Every man who can pass the physical examination should carry all the life insurance he can afford.

When Aroostook county, Maine, had the Republican Payne tariff to protect its products from Canada, every hill of potatoes hid in fear and trembling under the Republican wing. Since Maine has become Democratic and potatoes have gone on the free list, Aroostook county potatoes have flooded Canadian markets with impunity and high profits. That is the difference between Republican profession and Democratic prosperity.

Will Mr. Hughes explain, if American prosperity is a war munition product, why bank deposits in North Dakota and South Dakota since 1912 have grown 70 per cent, while Delaware, where the Du Pont powder works are located, is the only state in the Union showing a decrease of bank deposits in the past four years.

A Statesmen and a Collar.

(Pittsburgh Dispatch.)

Not long since the news was flashed about the land that J. H. ("Cyclone") Davis, Congressman-at-Large from Texas, had succumbed to the lure of convention and sacrificed that ruggedness that ever had been one of his proudest characteristics to the extent of wearing a collar. For three score years he had managed to worry along without the linen badge of civilization. He rejoiced in the fact that he went through his business with unfettered neck; he missed no chance to exploit the feature and to point to its significance in that whereas he declined to wear a collar of his own for personal adornment, likewise did he refuse to wear the "collar" of any political master.

But a term in Congress weakened his once strong resolve. However much his distinction might appeal to his constituents when he roamed the plains of his state, it did not attract such admiration in the Nation's capital when statesmen congregated. The "Texas Cyclone," as he liked to refer to himself, became a gentle summer breeze; the storm grew calm within the confines of the band the haberdasher supplied; James Harvey Davis was evened out as other men. It may be recalled that at the time of his concession there was a note of foreboding in his announcement. He ventured the opinion that while the donning of the collar might make for peace for himself and his family while they were in Washington, the result would be far different when they went back to the Lone Star State and he sought to annex the votes necessary to his return to Congress. No false prophet he, as events have turned out. His "dop" was right. His fellow Texans didn't like it, and they have shown their resentment by failing to renominate him. It is now predicted that he will shed this offending collar, to resume its wear no more. But repentance comes too late. "Cyclone" is out. Perhaps, sans collar in the interim, he may be able to convince his constituents of his reform by the time another election rolls around. Again, he may not. For when a man of his age foregoes the habit of a lifetime, forgets the courage that has marked him so long, his case must be considered doubtful indeed.

The Steel Barometer.

(Pittsburgh Dispatch.)

The report that the United States Steel Corporation's earnings for the past quarter were the greatest on record and the production also unprecedented, together with the declaration of an extra dividend of 1 per cent on common, unfilled orders aggregating 9,640,468 tons, new business coming in freely and, in several instances, running through next year, all spell the most substantial and satisfactory prosperity for the great Pittsburgh region.

The rate of production has indicated exceptional earnings and interest had been centered on their disposition. The extra dividend on common and expenditures for necessary extensions and improvements, designed to secure a greater diversity of product is the answer. It is to be hoped that in planning this greater diversification of output the paramount claims of Pittsburgh will be recognized. This workshop of the world has only scraped the surface of the possibilities of iron and steel manufacturing that might and should be carried on here. Every argument for this city as the center of the steel and iron industry applies with equal force to the multitudinous ramifications of the finished products, which might just as well be "made in Pittsburgh." The Chamber of Commerce and the Industrial Development Commission should take up this matter with the Corporation without delay.

A Short Farewell.

"I fear that I can never marry you."
"Farewell, then, cruel girl; farewell forever."
"Nonsense, Inkomar, come around tomorrow night."—Louisville Courier Journal.

Disillusioned.

"Is Rand happy in his marriage?"
"Happy? If Rand were to see Mrs. Rand today for the first time, he wouldn't even ask for an introduction."—Boston Transcript.

Spirit of the Press

Prohibition an Issue.
In their national conventions of this year both the Republicans and the Democrats ignored the liquor question. This was in accordance with custom. Neither party had in the past given recognition to its platform in the prohibition movement; therefore, neither would give recognition to it in the present. It may be taken for granted that neither will give recognition to it in the future, unless forced so to do. For our purposes, the future means, in this connection, four years hence. Four years hence, as we view the situation, neither of the parties mentioned can afford to omit a prohibition plank in the construction of its platform. Both will be forced to take sides. The Prohibition party will have pressed the issue upon them. The issue, in fact, is already raised. Although the platforms of the two great parties make no mention of prohibition, prohibition is quite as much a political issue today as the tariff or preparedness.—Christian Science Monitor.

British Blockade.

A single Deutschland, or even 100 undersea trading vessels, would not adequately replace the intermeddled merchant fleet which used to carry the commerce between the United States and Germany. Ten ordinary freighters are the equals in tonnage of 100 submarines of the Deutschland type, and probably as many tons were formerly moved in American-German commerce within one week as could be moved by 100 undersea carriers in the course of a year. The British blockade has not been broken. It may have been dented, as are the battle lines at the various fronts, but the dent is a very small one.—Philadelphia Record.

Isn't That Dreadful!

It is said that Mrs. Irene Castle will wear mourning for one of her pet dogs killed the other day in a family quarrel with another Castle dog. Mr. Castle's military duties prevented him from attending the funeral.—Birmingham Age-Herald.

Would Put Him Further In.

John M. Parker says he will not accept the vice presidential nomination at the hands of the prohibition party. He knows that would get him out of the wilderness.

All Dead Ones.

Ex-Governor Foss, ex-Governor Hanly and ex-Governor Sulzer are all on hand for the Prohibition convention today. What do they think it is? Resurrection Day?—Kansas City Star.

This Isn't a Bit Politic.

Mrs. Wilson is said to be planning a book of memoirs of her days in the White House, and there is a Republican suspicion that the volume will be a small one.—Pittsburgh Dispatch.

Please Pass the Coke!

Just suppose that next month when Wilson is informed of his nomination he should Teddize the messenger with an "I can't accept." Wurf! but the fur would fly.—Memphis Commercial Appeal.

Ouch!

It is said now that Villa was not killed but cremated. If he was killed there is no question about the cremation. Think of the life he led.—Kansas City Journal.

But He Won't Be One of Them.

Mr. Bryan has now raised the number of men who will rush to arms in the country's defense to 2,000,000 instead of 1,000,000.—Seattle Post-Intelligencer.

Has the Goods on Him.

Mr. Hughes might make an issue out of the fact that President Wilson has utterly failed to prevent hurricanes and floods.—Charleston News and Courier.

The Unfinished Democracy.

"What Will Hughes Do?" Sit down a long time wondering what he gave up that nice job for.—Baltimore Sun.

Pointed Paragraphs

There is a rumor that stogies will soon be two-for-five. Will these war horrors never end?—Columbus Dispatch.

The General Dam act is not to be confused with resolutions passed by various Progressive State Committees since the Chicago Convention.—New York Post.

Great Britain, never daunted by the magnitude of any undertaking, is now applying the principle of censorship to international commerce.—Washington Star.

Only one thing in the vicinity of New York is meaner than the shark, and that is the village or city which, on account of the infantile paralysis epidemic, brutally refuses to receive healthy children intent upon their customary vacations in the country.—New York World.

In spite of all his pretty words, Charles Evans Hughes did not get the endorsement of the New York Progressive State Committee.—Philadelphia Record.

The Iowa Republican convention's declaration for State-wide prohibition should likewise give the old guard something to think about.—Indianapolis News.

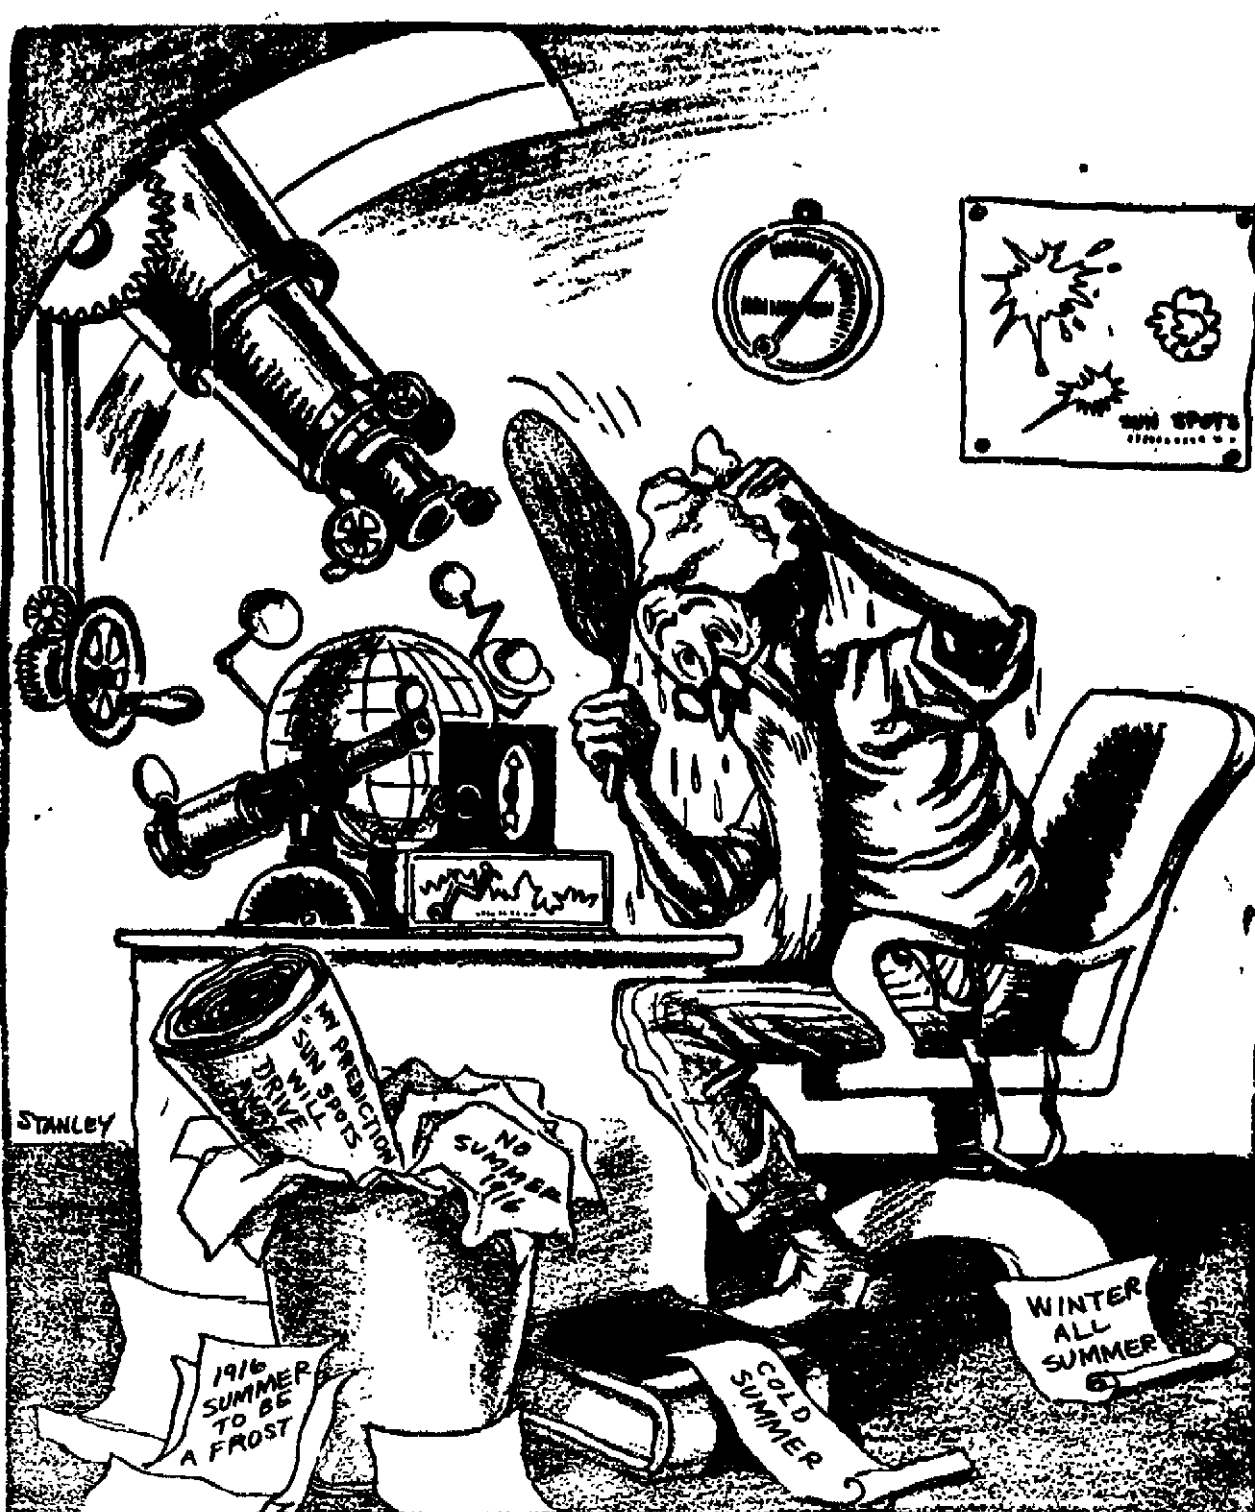

It is a death struggle on the Somme, and the victor will not be much better off than the victim.—Rochester Herald.

There has been no great advantage in the price of butter milk recently, which may indicate that nobody is willing to live 100 years on the terms described.—Chicago News.

Our infant industries are not suffering from infantile paralysis yet, but wait until the campaign year with alarm guy gets busy.—Pittsburgh Post.

Mary Pickford was given a reception in Chicago last week such as has never been accorded to a presi-

THE SCIENTIST WHO PREDICTED A COLD SUMMER

The Advocate's Melting Pot

To be influenced by a passion for the same pursuits and to have similar dislikes, is the rational groundwork of lasting friendship.—Sallust.

Advice.

This is hard fact, it isn't fun. And if you want a steak well done, Ask for it rare.—Luke McLuke.

And if you want a pretty maid To love you, son, Tell her you love—the little jade.—Another one.

Aunt Caline Says:

I went up to Newark yesterday to do some buyin' which the Schiff store advertises some terrible good bargains an' as I was a-goin' through the Arcadius I met up with O. Kay, an' he was jest a-leavin' his limp again the door o' the Beauty shop. I says, "Air you sick, O. T.?" An' he says, "Yes, Aunt Caline, I am. These here bargains is a-goin' to git the farm. I thought when I drag Dee down through here I'd be safe, but bless you, I jest couldn't git her past this transformation shop. I don't know how she'll come out. She's in there now a-havin' a shampoo, whatever that is, a-gittin' her head ready for a bushel or so o' curls an' puffs an' sich. I don't see what the world is a-comin' to," he says.

In the picture a cook was using a gas stove. Two housemaids in the audience were watching the scene with great interest. "Shure, Mary," said one, "do you know, a gas range is a faine stove? We have one where I work. I lit it two weeks ago and it cin't out yet."—Photoplay Magazine.

A Jewel Here.

That the Hanging Gardens of Babylon were anciently reckoned among the wonders of the world? Their construction is variously ascribed to Queen Semiramis and to Nebuchadnezzar. They are said to have formed a square, with an area of nearly four acres; but rising in terraces curiously constructed with stone pillars, across which were placed stones, covered with reeds and bitumen, and again with bricks.

Did You Know

That the Hanging Gardens of Babylon were anciently reckoned among the wonders of the world? Their construction is variously ascribed to Queen Semiramis and to Nebuchadnezzar. They are said to have formed a square, with an area of nearly four acres; but rising in terraces curiously constructed with stone pillars, across which were placed stones, covered with reeds and bitumen, and again with bricks.

dent of the United States, but no president has ever looked so cute hugging a goose or a woolly puppy.—Grand Rapids Press.

There is something suggestive of even a frightfulness policy in the utterances and plans of that man John M. Parker, nominee of the Progressive convention for the office of vice president of the United States of America.—Columbia State.

Maybe a little of the pleasure of bathing for an hour or two is gone when there is no one to enjoin us strictly not to stay in more than 20 minutes.—Milwaukee Journal.

It having been definitely established that hand-shaking spreads germs, we are all the more proud of our heroic politicians.—Washington Post.

Blacklisting firms in the United States will not win many battles for the British in Picardy.—New York World.

set in cement; above these were sheets of lead, to prevent moisture from flowing down, and on top of these a layer of earth; the summit was elevated 300 feet above the base, so that at a distance the whole presented the appearance of a pyramidal wooded hill. There was a large reservoir at the summit, which was filled with water by pumping from the Euphrates, for the irrigation of the gardens and the supply of their numerous fountains. Fountains and banqueting rooms were distributed throughout the numerous terraces; groves and avenues of trees, as well as parterres of flowers, diversified the scene; while the view of the city and the neighborhood was extensive and magnificent.

The Neighbor.
I'd love my neighbor better far And him I surely would not scorn If, when he's speeding in his car, He'd would not splash my ice cream suit.—Youngstown Telegram.

I'd love my neighbor better far If he would not feel inclined to shoot if, when he's speeding in his car, He'd would not splash my ice cream suit.—Painesville Telegraph-Republican.

I'd love my neighbor better far If he would not my peace disturb, When driving by me in his car, By forcing me to climb the curb.—Glenville Times.

I'd love my neighbor better far And never hurt his pesky hide If, when he's starting with his car, He'd ask me for a ride.—Geneva Free Press-Times.

We'd all love our neighbors, Gae! And them whatever might betide, If nights, when they romp home a three, They would not have their cut-outs wide.—Houston Post.

I'd love my neighbor better far I should indeed, upon my word, If he'd not proudly say, "MY CAR," When it is nothing but a ford.

Tool as an Opener.
"Of what use are kings?" demands a Kentucky orator. Well, they are great little openers, for one thing.—Columbia State.

Well, Bob, Alexander Pope evidently found 'em so, too. At least he has put himself on record thus:—"A king may be a tool, a thing of straw; but if he serves to frighten our enemies, and secure our property, it is well enough."

Whence These Tears.
Although the aviator is a bird, He's not the only thing can go up high; For have you not, before you ever heard Of his achievements, witnessed a horse-fly?

A Little Fun

Geographically Speaking.
"Are you Hungry?"
"Yes, Siam."
"Well, come along; I'll fix it."—From the National Geographic Magazine.

Points of View.
Magnate—I give that lawyer \$10,000 a year to keep me out of jail.
"Oh, John! Please stop spending your money so foolishly."—Life.

Experienced.
"You have never been in New York before, have you?"
"No. But I've been held up twice in Arizona."—Life.

Why Editors Swear.
To Editor, Daily—
Spring Lake, N. J., July 12, 10:30 a. m.—Another terrible man eating shark was seen off here this morning. There was great excitement

and many of the women bathers fainted when they reached shore. Boatloads of men have started with shotguns to try and destroy the monster.

JONES, Correspondent.

FRED S. WILSON.

Democratic Candidate for Auditor.

Raised on a farm in Newton Township, educating himself at the Ohio Northern University and Newark Business College by teaching and various occupations, then entering the Mail service where he successfully served the people until resigning to enter the race for Auditor. If elected he will treat the people right and conduct their business in a correct and systematic manner as he is especially qualified to fill the position sought.

A NEW REMEDY FOR AN OLD ENEMY

Sweet's Serpentina Compound
Is the Surest Known Remedy for Rheumatism.

Does not injure the stomach, gets into the blood in 15 minutes, quickly carried by the circulation to every part of the system and in 48 hours the grip of the demon should be vanished.

It is the most wonderful preparation ever made for the purpose and is entirely different from all other remedies. So prepared that it is practically impossible to take it into the human system without beneficial results. Contains no salicylic or other injurious acids and is absolutely guaranteed to be free from morphine and other narcotics.

Use SWEET'S SERPENTARIA COMPOUND as directed and you will soon dethrone the worst and most painful form of Rheumatism.

Price \$1.00 at your druggist. If he cannot supply you, write direct to us and we will send you a bottle prepaid upon receipt of price.

Manufactured by THE SWEET LABORATORIES COMPANY, COLUMBUS, OHIO.

Look Good—Feel Good

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c at your druggist.

For all further call P. Smith, Room 16.
Read the Want Column tonight.

Three Hundred Children to Be Given Picnic at Lake by the Newark Automobile Club

Three hundred little boys and girls of Newark whose papas, mamas or big brothers don't own an automobile are going to be given a treat on Thursday, Aug. 17, on which date a picnic has been arranged for them by the Newark Automobile Club. And there will be a lot of little kiddies along who haven't even a father or a mother.

Yesterday afternoon a number of the members of the Newark Automobile Club met in their rooms in the Hunter and Baker block in North Park Place and appointed an executive committee to take charge of the affair, consisting of Dr. J. T. Lewis, chairman, Rev. Don. D. Tullis, M. J. Reese, Atty. Edward Kibler, Sr., Atty. Harry D. Baker, Judge Robbins Hunter, Atty. A. A. Stasel, Atty. J. R. Fitzgibbon and Harry D. Hale. The fact that Dr. Lewis is the chairman of the picnic committee means that it will be a big success for whenever the doctor undertakes anything he usually puts all his energy behind it and brings it to a successful termination. He states that a picnic is no picnic for a chairman but that he is going to have a picnic just the same. He will have the able assistance of Rev. Tullis who is no novice at the game. And then the balance of the committee will assist and pitch in in making it one big day for the kiddies who never get to ride in a machine.

The ladies of the city will be asked to assist in making the day one long to be remembered. They will have charge of the big picnic dinner, and it's going to be a hum-dinger. The women will assist in putting up the dinner and serving it and also in looking after the youngsters. Children between the ages of 8 and 14 will be invited and 300 tickets will be issued.

The little ones will be taken to delightful Buckeye Lake where Messrs. Emmet Defenbach and Capt. Del Fisher will give them a further treat, perhaps several, who can tell. That will be announced later. It's just going to be one jolly big day, full of fun and pleasure and best of all, the Big Brothers of the auto club are going along and help to have a picnic with the kids. Sixty of them will donate their cars and they can't be blamed if they forget for the while that they are men, and join in with the kiddies in the festivities of the day.

In some manner, perhaps because Will H. Davis is a member of the club, the Licking Creamery Company heard of the proposed picnic and calling on Dr. Lewis said: "I want to furnish the cream for that bunch of youngsters, so don't contract with anyone else, because all it will cost you will be your time in calling for it on the day of the picnic." It is needless to say that Mr. Davis' offer was thankfully accepted.

The youngsters will be given a treat of ice cream, lemonade, cake, sandwiches, bananas and oranges. Any one desiring to contribute to the affair can call up Dr. Lewis, Rev. Tullis, M. J. Reese or H. D. Hale, and it will be thankfully received.

Sixty big, strong chauffeurs will take the kiddies to the lake, leaving from the rooms of the auto club at 9 a. m. They will be taken to the lake via of Linville and enjoy a ride over the fine National road. The return will be made at four

o'clock in the afternoon over a different route.

It's going to be a wonderful day for 300 little boys and girls over the city and it's going to be a chance of enjoyment for many grownups, by giving joy to others.

Are you going to be one of them?

ARMY SCOUT HAS CONFESSED HE IS GUILTY OF FRAUD

(Associated Press Telegram.)

Columbus, N. M., July 27.—Guy Johnson, U. S. army scout, who confessed to Captain Louis J. Van Schaick here yesterday that he was Guy Hartman, wanted at Fort Smith, Ark., for internal revenue fraud, committed during 1915, was taken to the Santa Fe, N. M., penitentiary today by United States Marshal A. H. Hudepeth.

After the papers necessary for the prisoner's removal from the state are signed, Hartman will be taken to Fort Smith for hearing.

The cash bond of \$20,000 which Hartman jumped just before his trial in May, 1915, already has been forfeited.

MANY SAILORS ON FOREIGN SHIPS ARE APPEALING FOR AID.

(Associated Press Telegram.)

Washington, July 27.—Because of reports from consular officers all over the world that an increasing number of destitute American merchant sailors have applied to them for aid, the state department issued a suggestion today to all Americans signing on foreign vessels that they ascertain whether the shipping articles provide for their return to the United States. Though some consuls can aid stranded sailors in obtaining passage home, usually they can be of no assistance, as no funds have been provided by congress.

BRITAIN IMPOSES NEW RESTRICTIONS ON MISSIONARIES.

(Associated Press Telegram.)

Washington, July 27.—The British embassy announced today that new restrictions imposed on the entrance of missionaries into India require any person who is not a British subject to obtain permission from Indian authorities first. The embassy will transmit applications for entrance. The announcement contains a warning that considerable time probably will be required for favorable action on applications.

NEWARK WOMAN IS COMPLIMENTED.

Mrs. Daniel Shephardson of this city is engaged this summer with the Chautauqua Institution, and is delivering her interesting lectures at Chautauqua, N. Y. The Chautauqua Daily pays Mrs. Shephardson a nice compliment and publishes the great part of her lecture on "The Shepherd's Call." In its introduction the article says:

"The Shepherd's Call" was the subject of a lecture which Mrs. Daniel Shephardson of Newark, Ohio, gave before the Woman's Club. Mrs. Shephardson is a traveler and lecturer. Her talk so pleased the club that they were unanimous in asking that she give her lecture on "Harem Life in Jerusalem" at an early date.

Amusements

Inside of the White Slave Traffic.

Samuel H. London, the international white slave investigator (who conducted the investigation last fall, financed by John D. Rockefeller, Jr.) has been employed by the Sociological Fund of the Medical Review of Reviews to personally superintend the staging and producing of the most graphic as well as the most thrilling film ever shown upon a screen, "The Inside of the White Slave Traffic."

The picture has the highest endorsement of the Ohio Board of Censors as well as that of national figures in the world of social work. It is sure to tax the capacity of the house when shown at the Grand next Monday and Tuesday.

The Auditorium.

Through another unavoidable accident Mgr. Fenberg of the Auditorium was compelled to discontinue his patrons yesterday by not showing the Metro-Drew comedy, also the Travelogue as advertised, but the production of "The Man From Bitter Roots" is a feature in itself and did not need any extra features. It is one of the best pictures that Mr. Fenberg has appeared in so far and a short description of the story we give below.

In Caroline Lockhart's story, "The Man From Bitter Roots," which William Fox has made into a feature film, William Farnum takes the part of a minor, Bruce Burt. He is a burly, whole-hearted man, who thinks never of himself, but always of his duties to those dependent on him. Bruce starts out on a hunt for the sister of his former partner in the mining camp, to give her the share of gold dust, due to her. In the search he tells his story to another man, T. V. Sprudell, who finds the girl, gives her \$500, which he says is the share due her from the mine, and starts the Bitter Root Mining company for himself.

Alhambra Friday and Saturday.

Wallace Reid and Cleo Ridgley, the two clever young Lasky stars, who recently created such a success in "The Golden Chance," and "The Love Mask," will be seen at the Alhambra on Friday and Saturday, in "The Selfish Woman," on the Paramount Program, a thrilling drama written especially for them by Hector Turnbull and produced under the direction of the Lasky Company.

PARISIAN SAGE

Put Hair on Your Head and Helps to Keep It There

What's the use of being bald? What sense is there in deliberately allowing your hair to turn gray? Do you want to look old before your time? Give up the thought; old age will come all too soon.

Look after your hair. Parisian Sage is a scientific preparation that supplies hair needs—is just what you want. It aims to prevent grayness and baldness by putting the hair back into its hair roots. Man or woman, no matter how old you are, Parisian Sage will help you to look younger and more attractive.

Why not go to W. A. Erman and get a large bottle today, it will not cost more than 50 cents, and your money back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and beautiful. It is a most refreshing, pleasant and invigorating hair dressing and absolutely harmless to the hair and scalp.

CONFIDENCE

OF GERMANS THAT THEY HAVE FRENCH AND BRITISH HEMMED IN.

Expressed in Report Emanating From Berlin—Teutons Depend Upon Much Artillery.

(Associated Press Telegram.)

Headquarters of the German Army of the Somme, July 25, via Berlin, July 26 to London, July 27.—The French and British, giving themselves no rest are continuing their efforts to widen the sack-like position north and south of the Somme wherein they are now pinned on three sides by German armies. Both German officers and men are confident of their ability to hold their own and are aided by the most powerful aggregation of artillery which Germany has as yet accumulated in any single battle theater.

Yesterday afternoon an artillery duel of violent proportions signaled the renewal of the struggle. From the intensity of the bombardment it was soon evident that the main effort of the allies would again be made on the line from Pozieres to Hardecourt—the sector which was the scene of such bitter fighting from July 20 to July 23. Toward evening an attack was made in strong force by a British division which was headed by picked troops and bomb throwers.

The attackers were to establish a foothold in the German lines but were later driven out by a German counter attack. The British also succeeded in entering temporarily the German trench system in the vicinity of Longueval and Guillemont, but here also were finally expelled.

COUNTY GRANGES ARE INVITED TO ATTEND PICNIC

The following invitation has been mailed to every Master of every Grange in the county:

To the Officers and Members of ——— Grange No. ———

Greetings:—

We extend to you a most cordial invitation to attend the Big Farmers and Merchants' Picnic to be held August 10th, 1914, at the Licking County Fair Grounds, Newark, Ohio.

The committee in charge are planning a day of real pleasure, commencing at nine o'clock in the morning and lasting until sun down. The program will consist of speakers of national reputation, band contests, prize drills, horse racing, base ball, dancing and contests for men, boys, women and girls. There has also been arranged for Free Coffee, Free Lemonade and a Free Check Room.

The executive committee has provided for a \$50.00 cash prize for the Grangers of Licking County in a friendly contest in a parade which will take place at one o'clock around the race track, headed by The Newark Buckeye Band. To the grange making the best display in the parade will be given the first prize, \$25 in cash. To the grange making the next best display will be given the second prize, \$15 in cash. To the grange making the third best display the third prize, \$10 in cash. This contest is open to every grange in Licking County and it is hoped that every one will be represented. A Tug of War has been arranged

between one man from every grange and the same number of men from the city and to the winning team will be given one dollar to each man. So select your best man to pull the money for the grangers.

All the committee ask, is that the granger co-operate with us in making August the 10th a big holiday—to come and spend the day in pleasure and social gathering.

Trusting to see you all on the day of the Big Picnic, we are, always at your service,

The Farmers and Merchants Picnic Com., Newark, O.

25 Years Ago

(From Advocate, July 27, 1891.)

Messrs. David Keim, James Latimore, William Fitzgibbon and Phil Rank went to Avondale last evening. They reported a fine time and good crowd.

The large roller flouring mill of Sites & Kellenberger was the scene last Saturday night of a terrible accident when David Evans, a young miller, had his hand caught and drawn in the roller. Amputation was necessary.

Mr. and Mrs. Thomas B. Williams mourn the loss of their infant child, who died yesterday afternoon.

15 YEARS AGO

(From Advocate, July 27, 1901.)

The receptions held on Thursday and Friday evenings by Mr. and Mrs. James Fitzgibbon at the beautiful home, Spring Hill, were most delightful affairs. Mr. and Mrs. Fitzgibbon were assisted by Mr. and Mrs. Fulton, and Misses Jessie Grace and Ann Fulton.

Miss Lillian Franklin, Mary Height, Bessie Reid, Hazel Thomas, Jessie King and Amy Franklin, Messrs. Sheppard, Knowlton, Lippert, Goplen, Brown and Anderson gathered at the home of Miss Ruby Franklin to bid her good bye. Miss Franklin leaves for Virginia to visit Miss Helen Loring.

The World War a Year Ago Today—July 27.

A correspondent on the Italian front pictured the situation there as follows: "The Austrians fight with utter contempt for death, and the losses on both sides are frightful, but those of the Austrians appear heavier, the Italian artillery mowing them down in masses. On the Carso plateau the Italians are advancing in the direction of Gorizia. On Monte Nero the Italians have carried several portions of the enemy's positions. At Podgora the Italians repulsed all Austrian attacks notwithstanding the extreme violence with which they were delivered."

British casualties to date 330,000.

German submarines sank 16 British ships, 1 Danish and 1 Italian.

A Hacking Cough Weakens the System

Don't suffer with a hacking cough that has weakened your system—get a bottle of Dr. King's New Discovery, in use over 40 years, and benefiting all who use it—the soothing pine balsam with tar heal the irritated air passages—soothe the raw spots, loosen the mucous and prevent racking the body with coughing. Dr. King's New Discovery includes natural sleep and aids nature to cure you.

"We Want Men—Traffic Men"

"We will pay Traffic Managers big salaries, and increase them rapidly." "The question of transporting our products at the lowest cost has become so important that we cannot afford to get along without a Traffic Manager."

"We want men who have been trained to secure the lowest legal freight rate—men who understand the classifications—men who can route our shipments the best and cheapest way."

Such is the cry of the Shippers.

Stop a moment! Think! We can train YOU to become a Traffic Man. Special offer! Write for information—it's free!

Interstate Traffic School, Incorporated, Fort Wayne, Indiana. Home Office, Dept. 800.

This Hose Won't Leak

We offer you and recommend the well known Goodyear "Vulcanized" Lawn Hose because we have found that it will do all claimed for it by the manufacturer—that it is in fact, the best made hose on the market.

It positively will not crack, kink or leak, and will last for several seasons. There are five alternate 1 year of rubber and braided cotton, including the ribbed rubber cover, all welded into a solid, wear-proof, weather-proof, leak-proof unit.

Come in and inspect this hose as well as our complete new display of garden tools and light home hardware. Our prices will interest you as well as our quality.

WILL MATTY, AS RED MANAGER, TURN OUT A WINNING TEAM?

Left to right: Rousch, Matty and McKechnie.

After more than sixteen years of starring in the box Christy Mathewson is now a manager and his greatest creation has become a winning team for Cincinnati. He brought with him from the Giants Rousch and McKechnie, players on whom he counts to strengthen the Cincinnati team.

GREAT RACE IS EXPECTED IN FREE-FOR-ALL

GRAND CIRCUIT FANS AT DETROIT WATCH SINGLE G. AND RUSSELL BOY.

Mabel Trask, Owned in New Hampshire an Easy Winner in Yesterday's \$10,000 Stake.

(Associated Press Telegram) Detroit, Mich., July 27.—With the free-for-all race \$1200 as the headliner today's grand circuit program was regarded as one of the best of the week's racing. The Pontchartrain stake for 2 15 trotters with a purse of \$3000 and the Griswold \$2000 stake for 2 10 pacers were the other events on the card.

A great fight was looked for between Single G. and Russell Boy, in the free for all these two having staged a wonderful race at North Randall last week.

Eight were added to start in the Pontchartrain and seven in the Griswold stake.

Mabel Trask owned and driven by Walter Cox of Dover, N. H., had little trouble winning the historic Merchants and Manufacturers' \$10,000 stake for 2 08 trotters yesterday. None of the other contestants seemed able to give the New Hampshire mare anything like an argument and she won almost as she pleased.

Eight horses made the start in the first heat, but when the third was reached only four were left. Tramp and Sadie S being distanced in the first and The Eno and Rustic in the second heat. The Eno fell over in the second heat but was not injured.

In the first heat Mabel Trask led St. Frisco and Virginia Barnette all the way from the first quarter, swinging along easily into victory half a length ahead of St. Frisco, with Virginia Barnette several lengths behind, in third place.

The Eno made a good showing in the second heat until he fell in the stretch. Mabel Trask, however, came up from second place at the turn and won in a canter with Cox holding her back. Miss Perfection was second and St. Frisco a poor third. The first quarter of this mile was stepped in 0 32.

The third heat was much slower than the preceding two and was taken by Mabel Trask, eased up, with St. Frisco second, four lengths behind, Virginia Barnette was a nose behind St. Frisco.

Colleen had anything but an easy time winning the 2-14 pace. She got the decision by taking the first two heats, one in a whipping finish and the other by a neck in a hard drive. The third heat was the best mile of the race. In another whipping finish, Thomas Earl nosed out Colleen for the decision.

The 2-14 trot went to Azora Axworthy, which won the first two heats. Miss Dansmore, a strong contender in the first two, won the third by coming up from behind at the stretch and finishing ahead of Azora Axworthy.

2 14 Pace, Purses \$1200 three heats. Colleen, by m. by Charlie O. (H. Thomas) 1 1 2

Thomas Earl, by The Earl, 1 1 1

Daisy H. ch. m. (Grapenstein) 2 2 3

Baron Hart, b. h. (Mayon) 2 3 4

Other starters were: Amibal Dewey, Prestolite, Trampquack, Jessie B. Sailor, Reddie and St. Anthony Carter.

Time—2 08 1/4, 2 07 1/4, 2 07 1/4. Merchants and Manufacturers' Stake, Purses \$1000 three heats. Mabel Trask, ch. m. by Peter the Great (Cox) 1 1 1

TODD WINS AT LIMA.
 Lima, July 27.—Tommy Todd won the \$1000 El Verso Stake race in straight heats yesterday afternoon, clipping off good time for the 2:20 class trot. Bel Direct, sensation of last season, failed to stir up much excitement in the 2-12 pace. Close finishes were features of all the heats.

Females of the Australian wild turkey lay their eggs in common nests holding half a bushel or more, cover them with soil and decaying vegetable matter and leave them to hatch.

LARDNER BLAMES GOLF FOR MATTY'S CINCINNATI JOB

(By Ring W. Lardner.)
 The baseball world was shocked by the news that Christy Mathewson, one of the game's greatest exponents, had signed to manage the Cincinnati Reds at the age of 37 years, the very prime of his career. Mathewson is the 17th prominent baseballist to succumb to this disease in a space of 12 years.

It is the opinion of prominent physicians that "Matty," as he was fondly known, hastened his own end by taking up golf, which undermines the intellect and thereby the general health. Those who were closest to him say that he has never been the same since he first sliced off the tee.

There is no argument for prohibition in the case of the deceased. He was always abstemious. He took the best possible care of himself. Before bitten by this golf bacillus, his favorite amusements were chess, checkers, poker and bridge at all of which athletic sports he excelled. He smoked, but never to excess. He usually retired before midnight, and was careful as to his vitals.

Christopher Mathewson was born in New York State or somewhere in or about 1879. He received a common school education and then entered Bucknell college where he took a P. D. degree, doctor of pitching and punting. He pitched more or less professional ball down in Virginia for a time and his work attracted the attention of major league scouts and a scout from Cincinnati, Cincinnati acquired him and the directors of the club taking a hand, traded him to New York for Amos Rusie, which was a regular Cincinnati trade, as Rusie was through.

One of Matty's first managers in New York was Horace Fogel who saw at a glance that he could never be a successful pitcher and tried to make a first baseman out of him. Unfortunately for many a National league batsman, Horace's career as manager was brief, proving being the soul of wit. The next manager of the Giants got a crazy notion in his head that Matty might be able, with careful handling, to become an average pitcher. This manager's judgment was proven pretty fair, for Matty with the aid of great support, pitched his team to victory in quite a few games for a matter of 16 years. Perhaps his greatest achievement was his three shut-out victories over the Athletics in the world's series of 1907. If he had been pitching against this year's Athletics he could have done it left handed, but it was some trick in those days.

Mathewson has been spending recent winters in California and the climate must have gone to his head. He leaves a wife and one son, Christopher, Jr.

Matty Wins First Game From Giants; Fans Welcome Him

New York, July 27.—Despite threatening weather the New York fans gave a warm welcome yesterday to their former idol, Christy Mathewson in his first New York appearance as manager of the Cincinnati team, and Mathewson celebrated by watching the Reds defeat New York by a score of 4 to 2. Salier, purchased recently by the Giants, started his first game in a New York uniform, and Cincinnati made its hits off him count. Schneider not only pitched well for the Reds but made two singles off Salier and scored after each hit.

SUNSTROKE ON TENNIS COURT.
 John Floyd suffered a sunstroke yesterday while playing tennis at the play ground. He is somewhat improved but will be confined to his home in Hudson avenue for a few days.

JEWETT COMPANY
IS COMPLETING 15
FINE NEW CARS

The Jewett Car company, one of Newark's foremost industries, is just completing 15 steel interurban cars of the latest model and equipment which have been ordered by the Northern Ohio Traction and Light company. Each of the cars is equipped with four 250-horse power motors manufactured by the General Electric company, making a total of 1000-horse power per car. Three of the cars are now completed, and will be taken to Akron under their own power tomorrow over the Ohio Electric railway by train crews sent by the company to which they are consigned.

The cars in their glistening red paint and handsome bronze finishings present a handsome appearance. They are 53 feet in length. While the cars are all steel, the insides have a handsome parlor finish, and are grained to represent woodwork.

The seats in the passenger compartment are of green plush, and the seats in the smoking compartment are of genuine leather. Over each seat is an individual light. White enameled toilets, Peter Smith hot water heaters for heating the cars, illuminated dash signs as well as individual safety signs are some of the devices that go to make the cars as up to date as any now being built.

The safety signs are operated by electric batteries in the cars, to insure their operation when the trolley goes off the wire.

The trucks are of the M. C. B. make, and each truck is equipped with two motors. The tool boxes for emergency use are another feature of the completeness of the equipment of the cars. The heavy steel pilots which each car is equipped are of the latest design.

The remaining 12 cars will be completed within the next several weeks.

NOT SMOOTS' AUTO
WHICH HIT CHILD;
IDENTITY WRONG

The automobile of E. A. Smoots of Granville was not responsible for the injuries to Nelson Williams, son of David Williams at Union Station Tuesday evening, according to Mr. Smoots. He states that he has not been in the vicinity of Union Station for a week. His son also drives a car but he has not been near the scene of the accident recently.

STRIKE

(Continued from Page 1.)
a. m. that more than 20 per cent. of its cars were running in the Bronx. Not a car moved in Yonkers today. Mount Vernon and New Rochelle also were without car services. There was no disorder in these three places.

During the forenoon there were intermittent clashes between strikers and car men and on several occasions the police were forced to use their night sticks.

Assistant General Manager Maher said he would confer this afternoon with Deputy Police Commissioner Dunham with a view to having re-issued the order which forbids the placing of uniformed men on street cars. Mr. Maher declared that the lives of the travelling public require that this protection be allowed.

"Hain't you ever seen her?"
"None."
"How was she?"
"That's the funny part."
"Huh?"
"She was a bear."—Gargyle.

LETTER CARRIERS CHOOSE DEFIANCE FOR NEXT MEET

(ASSOCIATED PRESS TELEGRAM)
Springfield, O., July 27.—Delegates to the fourteenth annual convention of the Ohio Letter Carriers association which is holding the closing session today, voted unanimously to reconsider a resolution adopted Wednesday which set out in substance that I. P. Cameron, of Upper Sandusky, former treasurer of the National Letter Carriers' association had been "unjustly" punished on a charge of embezzling the organization's funds, and endorsed a communication to be forwarded to Governor Willis asking for his pardon. A resolution carrying the word "defiantly" for the word "unjustly" was adopted.

J. P. Rapp, of Union county was elected president. Others elected were David A. Leishe, of Wayne county, vice-president; H. J. Morrison of Fremont, secretary and Percy Stites of Wauson was elected treasurer. D. W. Bowers of Creston, retiring president was chosen delegate at large from Ohio to the national convention.

Defiance was chosen as the next meeting place.

HEAT WAVE FROM THE ROCKIES TO ATLANTIC COAST

(ASSOCIATED PRESS TELEGRAM)
Washington, July 27.—A heat wave spreading over the country from the Rocky Mountains to the Atlantic coast promises to continue through Friday, weather bureau officials today said. Temperatures ranging from 90 to 102 degrees were recorded during the last 24 hours and early forecasts today indicated more high marks. The heat has not extended far into the south, the southern portions of the south Atlantic states and east gulf states being somewhat cooler from showers.

NEW YORK SUPPLIES
FROM HEAT AND
GREAT HUMIDITY.

(ASSOCIATED PRESS TELEGRAM)
New York, July 27.—The humidity was greater here today than at any time since 1897, the local forecaster declared. As early in the day at 9 a. m. the humidity registered 98 with the temperature only 74. No relief is promised.

Today's record marked the climax of a period of excessive muggy and uncomfortable weather that has lasted for nearly two weeks. What was technically a light rain was falling today but to New Yorkers the feeling was that the atmosphere was "boiling" the rain, as the drops appeared rather to float than to fall.

The dampness is a penetrating kind and many householders, although the heat has also been intense, have started fires in their furnaces to dry out their homes.

CHICAGO IN GRIP
OF INTENSE HEAT
MUCH SUFFERING.

(ASSOCIATED PRESS TELEGRAM)
Chicago, July 27.—A period of intense heat in the western plains states unequalled in continuity and extremely high temperatures since 1901, the year of the hot winds in Kansas, according to the government weather bureau here, probably will continue through the remaining days of July. The forecaster announced today that not a leaf was stirring in the Canadian Northwest, whence relief must come, and that there was every indication that in spots visited by the local showers, the drought would be severely felt.

Chicago, which heretofore has been laved in cooling breezes from the lake, joined the list of sweltering cities today when the wind shifted and came over the city from the hot plains. At 7 o'clock this morning Chicago with 84 degrees was the hottest point in the United States, with the exception of Yuma, Ariz. Throughout the forenoon the temperature steadily mounted, reaching 98 at noon with prediction that the thermometer would register approximately 100 at 3 o'clock.

103 IN COLUMBUS.

(ASSOCIATED PRESS TELEGRAM)
Columbus, July 27.—Most excessive heat of the summer was recorded in Columbus at 1 o'clock today with an official temperature of 96 degrees at the weather bureau and one of 103 degrees at the Kiosk in state house yard.

CINCINNATI SWELTERS.

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, July 27.—Cincinnati sweltered today in the hottest day of the year, the thermometer passing the 96 mark before noon. The weather man held out no hope for relief, predicting continued fair and warmer weather for today and tomorrow. Joseph Hutchinson, book-keeper of the police department was overcome this morning and taken to the hospital.

HEAT PROSTRATION.

(ASSOCIATED PRESS TELEGRAM)
Sandusky, Ohio, July 27.—Louis Tremmel, 48, was overcome by heat last night. This morning he said he felt better and would go to work but fell dead while dressing.

98 AT CANTON.

(ASSOCIATED PRESS TELEGRAM)
Canton, O., July 27.—Heat, which reached a high mark of 98 here today, killed Mrs. Vincent Rowland and Andrew Marcario, of this city, and Henry Allison of Louisville, a suburb. An ice shortage looms.
